Recent Highlights

Recent business highlights include:

- The NVIDIA Hopper GPU architecture and ramp of the first products based on the architecture, including the NVIDIA H100 Tensor Core GPU
- NVIDIA cloud services, including:
 - NVIDIA DGX Cloud, an AI supercomputing service that gives enterprises immediate access to the infrastructure and software needed to train advanced models for generative AI and other groundbreaking applications. NVIDIA has partnered with leading cloud service providers to host these services in their data centers
 - NVIDIA AI Foundations, a set of cloud services that advance enterprise-level generative AI and enable customization across use cases in areas such as text, visual content, and biology
 - NVIDIA Omniverse Cloud, a platform-as-a-service giving instant access to a full-stack environment to design, develop, deploy and manage industrial metaverse applications
- New inference platforms for generative AI inflection
- The new Ada Lovelace GPU architecture, and introduction of the first products based on Ada. We also introduced NVIDIA DLSS 3 for over 50 games and applications and brought GeForce RTX 4080-class performance to the GeForce NOW Ultimate membership tier
- Production of the NVIDIA DRIVE Orin autonomous vehicle system-on-a-chip and introduction of next-generation NVIDIA DRIVE Thor

Recent Refreshment, Board Demographics and Nominee Qualifications

Our director nominees exhibit a variety of competencies, professional experience, and backgrounds, and contribute diverse viewpoints and perspectives to our Board. While the Board benefits from the experience and institutional knowledge that our longer-serving directors bring, it has also brought in new perspectives and ideas through the appointment of two new directors since 2020. The Board also regularly rotates committee membership and chairpersons to promote a diversity of viewpoints on the Board committees.

The Board and the NCGC has identified and continue to seek highly qualified women and individuals from underrepresented groups to include in the initial pool of potential director nominees, as discussed below under *Director Qualifications and Nomination of Directors*. The Board's commitment to achieving a diverse and inclusive membership is demonstrated by our director nominees. Three of our directors are women and three are ethnically and/or racially diverse. Our two newest members enhance the Board's gender, ethnic and/or racial diversity. We expect Board diversity to increase before our 2024 Meeting.
